Dear Business Owner/Manager

The Thomas A Edison High School, "Class of 1981" 25th class reunion is just around the corner. While we have lived in the Edison community we have supported the many local businesses for over 25 years, and now that support has grown to include our children. We feel that these businesses have helped to teach us, and now our children as well, many skills. Skills that will be required for them to become successful, for their future: team work, leadership, commitment and the importance of community.

We are contacting businesses in the Edison community asking for their financial support. We are hoping for your support in order for us to build to our web site for the "Class of 1981" ALUMNI. Our idea is to distinguish your company for a period of one year on our website. For a fee of \$100.00 you will reserve a square advertisement space, and for a \$150.00 fee you will be able to reserve one of the banner advertisement spaces that will run across the top of our website. Your company's logo would be linked to your website or your company's contact information. This will allow your business to be seen by all who visit the website. We want to be able to show our appreciation to your company, plus have the great opportunity for us to work together. Your generous contribution would be deeply appreciated.

Respectfully Submitted by Edison's "Class of 1981"

Company Name: _____
